Mayor of Taoyuan City

Welcome to Asia United Hash to Taoyuan

Taoyuan is the world's gateway to Taiwan. Situated among mountains with an ocean view, Taoyuan's urban area is comprised mainly of tablelands and hills. Along the coastline one can find a distinct Hakka culture, or "Hakka by-the-sea", while the mountainous areas are home to Taiwan's indigenous tribes. The convergence of different communities in Taoyuan creates an affluent cultural landscape. That's what makes Taoyuan the inclusive city it is.

The city is not only known for the beauty of its natural environment. It is also one of Taiwan's main industrial hubs. With the youngest population and the highest population growth rate in Taiwan, Taoyuan is vigorously anticipating your arrival.

Taoyuan City Government is in full support of the event, Asia United Hash 2019, organized by Taiwan Bear Hash House Harriers to take place in November 2019.

On behalf of all of Taoyuan citizens, I hereby invite every Asia United Hasher to come discover and experience the beauty and hospitality of Taoyuan.
